Dear Worship Team Members: As I shared with you at the last 2 monthly rehearsals, I truly believe that God is calling us to a season of preparation for what's coming ahead. During this season of "tweaking" and "testing," it is my desire to increase our level of excellence in service to the Lord and to the overall vision of our church: loveGod, grow2gether and serveOthers. It is of extreme value to our team and entire body that each of us understands the importance of our role in each of these powerful statements. Because of the great role and responsibility the worship ministry plays in the vision of the church, I would like to see an increase in our unity and quality of sound as well as in our dedication to the ministry of which we are all part. There are different phases to this vision and the first one simply has to do with our monthly rehearsal times. As you know, we have been surveying our entire worship team to find out and eventually test a new day for our monthly rehearsals. As you probably remember, we began informing you of this upcoming change last November during our monthly rehearsals. We also sent the survey via emails and handed them out during Sunday morning services. Most of our team members responded and the majority voted for us to test Sunday afternoons (1/month) as a potential replacement for our current Tuesday evening time.

Our 1st Sunday afternoon rehearsal will be Sunday, June 27 (4.30-6.00p). We have done this in our desire to increase participation from all of the members of our team so we can be more adequately prepared for Sunday morning services. (Please note the change we made — Our first Sunday rehearsal was originally going to be June 13, but it has now been moved to June 27; 4:30-6PM.

Please continue to be in prayer for our worship team vision. Chris, Jeremy and I are working on simplifying and clarifying our worship expectations and will have them ready for this summer so that every person on our team will know exactly what is expected from all team members. We are really looking forward to seeing the next level we grow into, both musically and spiritually as a team. Thank you for being on this journey with us! — Pastor Oscar
